**Stair Pro Ltd** prides itself on both the quality of its products and the service it provides. We understand that both are critical to the continued trust of our customers and ensure that repeat business is always ongoing. We are passionate about setting new standards in terms of design, value for money, performance and reliability.

We are CE registered, working to BS EN 1090 you can rest assured all our products are manufactured to the latest industry standards.

#### Market & Product Sectors and Key Services Provided

Stair Pro Ltd works with a wide range of clients within the commercial, retail, residential and leisure sectors. Including interior designers, architects, main contractors, bespoke joinery companies and private customers to providing high quality products in the following categories.

Design and Specification - Page 3 • Manufacturing and Installation - Page 4 • Staircases - Page 5  
Balustrades - Page 10 • Handrails - Page 12 • Balconies - Page 16 • Structural Steelwork - Page 18

With our dedicated design team we can design and specify your project to your requirements. Offering design and cost saving advice, as well as specify particular products and providing full documentation to support our design when required. We are able to produce products using Steel, Stainless, Aluminium, Brass, Glass, Wood and Stone. With a variety of finishes including, Polished Brass and Stainless, Chrome and Nickel plating, Patinated, Painted and Powder coated.

# MANUFACTURING

---

All manufacturing is carried out in house by our skilled craftsmen, and goes through a rigorous quality procedure before delivery to site. Our staff are highly qualified in their chosen field and undergo extensive in house training. Our installation teams carry all required site certificates including CSCS and Health and Safety training.

---

# STAIRCASES

## STAIRCASES

---

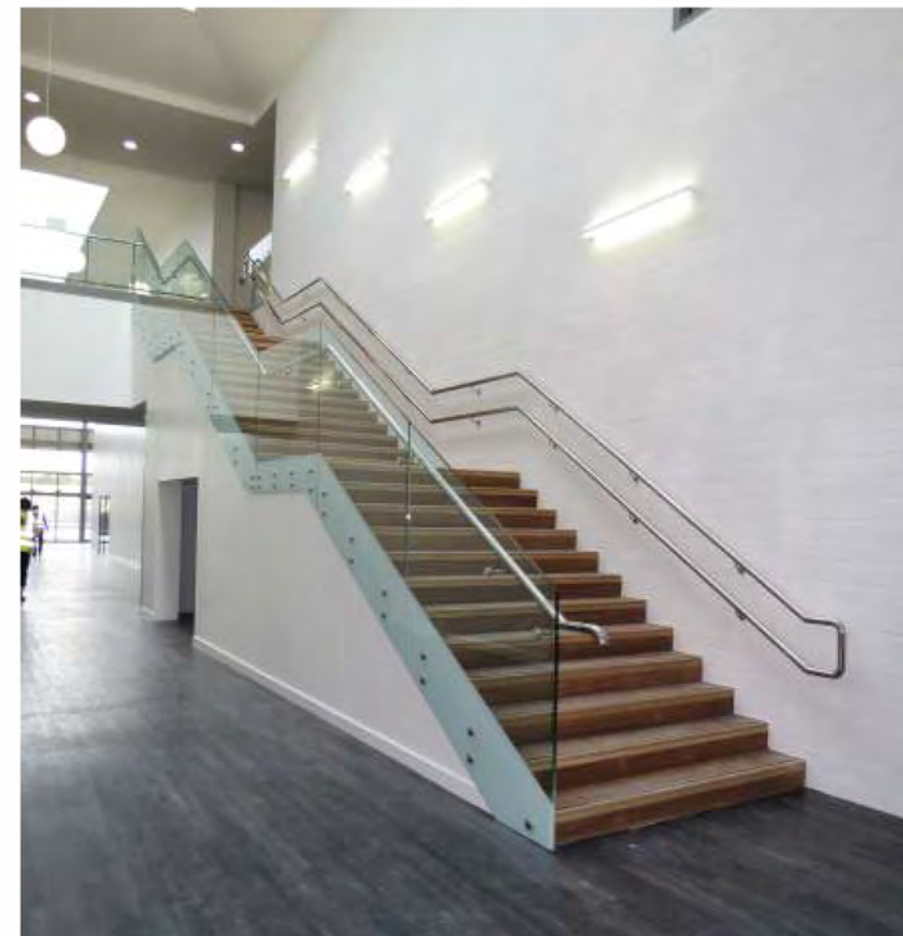

Bespoke staircases designed, manufactured and installed to your specifications. We can manufacture steel, Stainless, Brass, Aluminium, Glass, Wood and Stone.

## BALUSTRADES

Above photo: Glass balustrade project in new Leisure Centre.

Why choose Stair Pro Ltd Because unlike our competitors our tube joints are welded and polished out to give a seamless bespoke feel to your balustrade rather than a kit.

## BALUSTRADES & HANDRAILS

---

## BALUSTRADES & HANDRAILS
